Gränges wins the International Star award

Gränges has won the International Star award in the European Small and Mid-Cap Awards 2016. The awards are set up to highlight the best European small and mid-sized companies that have gained access to capital markets via an Initial Public Offering (IPO).

"We are delighted that Gränges has been recognized in this context. We have successfully continued to grow our business during the last two years. We have doubled in size and at the same time increased our result. This has been made possible by being an independent, listed company with owners supporting our strategy", says Gränges CEO Johan Menckel.

"Today's award ceremony highlights the best European small and mid-sized companies having gone there through an IPO", says Luc Vansteenkiste, chairman of EuropeanIssuers.

European Small and Mid-Cap Awards is arranged by the European Commission together with The Federation of European Securities Exchanges (FESE) and EuropeanIssuers. This year's ceremony was held on Thursday, 17 November, 2016.
